

[Verse 1:]

I put your picture on my mirror,
Start to blush when somebody says your name
In my stomach there's a pain
See you walk in my direction I go the other way
I start to stutter when i speak
Try to stand but my knees go weak
What's happening to me in the dark?
Can you tell me what it means?
I lay my head on my pillow
Staring out the window
Wish on a star for a sign
Its the Reason why

[Chorus:]

Your always on my mind
When you come around I get shy
When i see you, when i see you
Never no when you might walk by
So I gotta be right on time
When i see you when i see you

[Verse 2:]

I scibble X's and O's in my notebook
Checking out how my hair and my nails look
I feel myself in the zone
I get nervous when you call
So i say im not home
I see your face when i here my favorite song
Should i send an email at home
Your the number 1 topic on the phone,
I wonder if you know or do you have a clue

I lay my head on my pillow
You got me staring out the window
Wish on a star for a sign
Whats the reason why Yeah...

[Chorus]

Something now is taking over me,
Yeah yeah yeah yeah yeah yeah
Im not going run Im
Just go to stand here and see yeah
Ooooo
Yeah

[Chorus x2]
