

I put your picture on mirror
Start to blush when somebody says your name
In my stomach there's a pain
See you walkin my direction, I go the other way
I start to stutter when I speak
Try to stand, but my knees go weak
What's happenin to me?
Anybody can you tell me what it means?

I lay my head on my pillow
Starrin out the window
Wish on a star for a sign
The reason why

Hook:
You're always on my mind
When you come around I get shy
When I see you (2x)
Never know when you might walk by
So I gotta be right on time
When I see you (2x)

I scribble X and O's in my notebook
Checkin how my hair and my nails look
I feel myself in the zone
I get nervous when you call, so I say I'm not home
I see your face when I hear my favorite song
Should I send an e-mail at home?
You're the #1 topic on the phone
I wonder if you know, or do yo have a clue?

I lay my head on my pillow
You got me starin out the window
Wish on a star for a sign
What's the reason why? Yeah

CHORUS

Something now is taking over me
Yeah, yeah, yeah, yeah, yeah yeah
I'm not gonna run I'm,
Just gonna stand here and see

CHORUS (2x)
