

I can feel the waves of your heart rushin'
rushin' over me
rushin' over me
rushin' over me
rushin' over me

When the dawn breaks,
I can feel heat of your sun risin',
risin' up inside me
I can feel the waves of your heart rushin'
When the dawn breaks,
I can feel heat of your sun risin',
risin' up inside me
I can feel the crush of your heart breakin'..

The city stops movin', clocks stop tickin'
I can't keep livin' these strange goodbyes
Can't keep livin' these strange goodbyes

Can't keep livin' these strange goodbyes..

Risin', risin', risin'..

When the dawn breaks,
I can feel heat of your sun risin',
risin' up inside me
I can feel the waves of your heart rushin'
When the dawn breaks,
I can feel heat of your sun risin',
risin' up inside me
I can feel the crush of your heart breakin'..

The city stops movin', clocks stop tickin'
The city stops movin', clocks stop tickin'
The city stops movin', clocks stop tickin'
The city stops movin', clocks stop tickin'

Risin', risin', risin'..

When the dawn breaks,
I can feel heat of your sun risin'
Risin' up inside me,
I can feel the crush of your heart breakin'..
When the dawn breaks,
I can feel heat of your sun risin'
Risin' up inside me,
I can feel the waves of your heart rushin'

Rushin' over me
Rushin' over me
Rushin' over me
Rushin' over me
