

King of Kings
Lord of Lords
Prince of Peace
I am

Early morning, summer's day
At a park, in the city
Kids were playing on a swing
They were black and white
Then a lady walked that way
As she did most every morning
Grocery bags in her hand
She was passing by

She stopped
Stared
Watched their laughter fill the air
She laughed
Cried
Because of the love of God was color blind...

When you give
When you love
When you serve
You do it unto me
(Repeat once)

On a cross up on a hill
Where the world would be forgiven
Was a man called to make the greatest sacrifice
He lived a life of love, gave away all he'd been given
Sent from the one above, and then he gave his life

To love, serve
Came down from heaven to spread the word
To teach and pray
and This is what he had to say

When you give
When you love
When you serve
You do it unto me
(Repeat once)

When your heart is wanting more
Give away all you been giving
This is what you are looking for
Deep inside, Jesus Christ
Yeah yeah

When you give
When you love
When you serve
You do it unto me
(Repeat once)

King of Kings
Lord of Lords
Prince of Peace
I am
(Repeat three times)

King of kings, he came and I accept it
Lord of lords, and no one can stop it
Prince of peace, he is the great I am
(Repeat once)

King of Kings
Lord of Lords
Prince of Peace
I am
(Repeat once)

I am! Yeah!
