Title: Where did i go wrong

download from: <http://www.lyricsdisc.com>

Ohhhh,
where did i go wrong,
ohhh,
Uhhhhh,
girl when you went away,
you took a part of me,
you told me not to wait,
you said you want to be free,
but i thought we'd be together,
never thought that i would be alone,
i use to think you would never,
you'd never leave our happy home
