Title: Whispering the return

---

Alone  
Only me and my sword  
In the night  
My infinite kingdom is rising again

I hail the ravens  
Guard of my neverending spaces  
And wolves - my horned orchestra

Long was my journey  
Looking for the black queen on Temptation Thron  
Now I'm here  
In the kingdom where the Night never ends

I am the return  
Of the Moon, Wisdom and Truth
