

(Pat McLaughlin/L. Russell Brown)

Who... Who will it be?
How will I know? When will I see?
You... light up my dreams
I can't stop wondering Who
Who... Who will it be?
Who just like me, needs someone too?
Love them just like I do?
I can't stop wondering Who
Can't wait forever for love to come out of the blue
I could hold on and get by if I only knew

Who's... longing to find
This heart of mine? Who could it be?
To help me see my way through
I can't stop wondering Who

Can't wait forever for love to come out of the blue
I could hold on and get by if I only knew
Who... Who will it be?
How will I know? When will I see?
You... light up my dreams
I can't stop wondering Who

I can't stop wondering
