

SPOKEN:

Let's talk about loneliness
You know sometimes it can fool you
into believing you're on top of the world
No one can top you or stop you
And everything you've always wanted
Is right at your fingertips

But, as always
Reality steps in and shocks you
Right back into the present
And all you can do is ask yourself over and over
Why?

What happened to the love that brought us both
so much joy and happiness?
Oh hey, I know things change
People change
But this hurts
I mean it really hurts

I guess it all boils down to the fact
That we never really knew each other anyway, huh?
Yeah, I know
Say, wait a minute, let me tell exactly how I feel, ok?

SINGING:

Today I'm just a lonely man
But tomorrow I'll be a king
Blessing all my subjects
Cast afar in security

The whole wide world will watch me
As I walk up to my throne
Knights in shining armor
Stand around to heed my call

But wait a minute
I'm still lonely (I'm still lonely, I'm still lonely mmmmmmm)
I guess anyone can dream
But when you lose someone it seems
So unimportant

Although every person changes
Different times and different ways
But never all the same

Chorus 2x:
Tell me why(Why)
Have I lost you(Have I lost you baby)
Why(why)
Tell me ooohhhhhh

INSTRUMENTAL BREAK

Why?
Why have I lost you baby?
Why?
I've been so lonely
Why?
Ohh why?
Why? Ooooh
Why?
Why? Tell me, ooooooooooh
Why?
Ooooh hoooo ooooh hoooooo
Ooooh hoooo
Oh why?
Baby, mmmmmmm
Mmmmmmm
I put all my trust
In you, baby
Yes, I did
And I, I found out
That you really didn't know me
I never thought you'd do me this way
Why?
