---

Refrain:

I'm wide awake  
It's time to make it on my own  
Wide awake  
The dream is over  
I'm wide awake  
It's time to make it on my own  
Time to find my way back home  
The dream is over  
I'm wide awake...

There's no story left to tell  
No eyes are left to find  
There's a reason, I'm looking back  
There wasn't no love behind

Bridge:

No more dancing in the rain  
No promise left to break  
And who the hell has waiting for the sense  
that I should take?

Refrain

There's no letter left to write  
No captain's left to court  
There's no using, I'm going back  
to our never wire

Bridge
