She is living to bless me
With magic and fear
She knows what I am feeling
In the darkness the witch
The power of illusion in Tuesday night
The wind of destruction starts the fight
I am running away, she is going insane
I can't escape
Spirits are working for me
Forgive me I am loving the witch
Her voice is a whisper
To deceive, to seduce
With the power of magic
She drives the rules
The power of illusion in Tuesday night
The wind of destruction starts the fight
I am running away, she is going insane
I can't escape
Spirits are working for me
Forgive me I am loving the witch
