Title: Without A Kiss

download from: <http://www.lyricsdisc.com>

---

the pain...  
why have you left? why was it you? my life for yours!  
without a kiss

I miss your glance, your smile, your scent, your hands, your eyes  
without a kiss

why have you left? why was it you?  
my life for yours - for you  
without a kiss

so many ways, but only one is destined for me  
without a kiss

try to realize it, try to realize the pain  
without a kiss
