

It's my way to say I want you
S'agapo, je t'aime, I love you

There's a million lovely words for love (la, la, la, la)
I don't know why I can't find and say the simple word to get you
I will search and seek around the world (la, la, la, la)
Yes until I'll find the word that leads you to my heart

I'll learn new tongues, some lovely words,
To say in every language that I love you so.
I'm on my knees and pray that I will find my secret way
To your heart: 1, 2, 3, 4

It's my way to say I want you
S'agapo, je t'aime, I love you
Te amo and ani ohev otach
It's my way to say I want you
S'agapo, je t'aime, I love you
Te amo ve ohev otach
ohev otach

Deep inside I'm a romantic man (la, la, la, la)
Trying to impress you playing superstar As Valentino
Everywhere I try to find the road (la, la, la, la)
It's my way, I don't give up I have to break your code.

I'll learn new tongues, some lovely words,
To say in every language that I love you so.

I'm on my knees and pray that I will find my secret way
To your heart.

It's my way to say I want you
S'agapo, je t'aime, I love you
Te amo and ani ohev otach
It's my way to say I want you
S'agapo, je t'aime, I love you
Te amo ve ohev otach
ohev otach
