Title: You dropped a bomb on me

download from: <http://www.lyricsdisc.com>

You were the girl that changed my world
You were the girl for me
You lit the fuse, I stand accused
You were the first for me
But you turned me out, baby

You dropped a bomb on me, baby
You dropped a bomb on me (But you turned me on, baby)
You dropped a bomb on me, baby
You dropped a bomb on me

You were my thrills, you were my pills
You dropped a bomb on me
You turn me out, you turn me on
You turned me loose, then you turned me wrong

You dropped a bomb on me, baby
You dropped a bomb on me (But you turned me out, baby)
You dropped a bomb on me, baby
You dropped a bomb on me
