

(Tom Shapiro/Bob DiPiero)

I like sleeping in the nude
When it's hot and the moon is full
I like a little ice in my drink
And the sound when it clinks, that's cool
But when I need maximum sensation
I turn to you
Cause you feel good
Yeah, you feel good

I like a little itch in my neck
When a song won't let me go
I like a shower beating down
Steam rising all around like smoke
But when I wanna feel a rush that goes a little deeper
I turn to you and you feel good
Baby, you feel good, baby you feel good

I like the velvet of your skin
When I'm holding you in my arms
And I like the way that we connect
The way that you caress my heart
Everytime I need love and understanding
I turn to you...and
You fell good
Yeah, you feel good
Baby, you feel good
Yeah, you feel good
Like I want a shout
I wanna cry
I wanna make you feel exactly what I feel inside
Yeah, you feel good
Baby, you, you make me feel so good
