Distorted voice:  
your own reality

we all came tonight - to this celebration  
because we are a part of the new generation  
close your eyes - and you can see it  
this world of music - that makes you high

open your mind - to the pathway of truth  
let the colors of life - help you fly  
you can walk through this world - of dreams and fantasy  
and you will find - your own reality
